

## Changes in Federal Income Tax Withholding

The amount of federal tax withheld from your paycheck issued on March 31, 2009 may be less than from your last paycheck. This is due to the implementation of the new federal tax withholding table based on the American Recovery and Reinvestment Act of 2009 [stimulus package].

If you do not want to have your federal withholding reduced [because, for example, you have more than one job or you are married and your combined income places you in a high tax bracket] you may want to file a new Form W-4 by claiming fewer withholding allowance on line 5 or request additional amounts to be withheld on line 6.

For additional help, get IRS Publication 919-How Do I Adjust My Tax Withholding? or visit the IRS website at [www.irs.gov](http://www.irs.gov) and use the Withholding Calculator.
