San Francisco, CA 94103-0948

Ref: RFP # 04-2009

Dear Barry,

Once again the San Francisco Community Television Corporation (CTC) dba Access SF is unable to respond to the RFP to manage the current public access facility and channels for 3 to 6 years at a minimal annual funding level of \$170,000. However, the CTC is committed to work with the Department of Technology (DT) and a new designated management entity (should there be one) to facilitate a smooth transition of operations as agreed to in the most recent amendment to the grant agreement.

If a qualified bidder is not identified, then the CTC is willing to continue to work with the DT to determine how the public access facilities and channels can remain operational until the term of the grant agreement extension ends on December 31, 2009 and beyond.

Truly yours,

Zane Blaney, Executive Director
