Re: Office of Citizen Complaints 2009 Third Quarter Statistical Report

## I. INTRODUCTION

Enclosed is the Office of Citizen Complaint's statistical report for the 2009 third quarter. The OCC had a very productive first nine months of 2009, opening 785 complaints and closing 778 complaints. In the third quarter of 2009 OCC received 274 complaints of police misconduct or failure to take action and it closed 272 of them. The OCC had 401 pending cases as of the end of the third quarter. Only eight cases remained from the prior year, 2008, in contrast to the end of the third quarter 2008, when 37 cases remained from 2007. This represents nearly an 80% reduction of the cases remaining open from the prior year.

## II. ORGANIZATIONAL MATTERS

During the third quarter of 2009, the OCC experienced a period of organizational stability similar to the second quarter of the year. The vacant trial attorney position from the second quarter was filled during the third quarter. The statistics set forth below continue to bear out the theory that a lower caseload results in greater productivity and fewer delays.

In the third quarter, the investigators began participating in a three month time study to determine how their time is spent in the conduct of investigations.

During the third quarter, staff continued work on updating the OCC investigation manual as well as putting in writing its strategic plan for training. While completion was projected for the end of the third quarter, the OCC's focus on case management and more timely completion of investigations delayed completion of these two projects. We now anticipate completion of these projects by the end of the year.

Finally, on September 17, 2009, the City Services Auditor (CSA) published a follow up memorandum that addressed OCC's progress on the 38 recommendations that it made in its January 24, 2007 audit report on OCC's operations. The Auditor cited the OCC's self assessment that of the 38 recommendations, the OCC had fully implemented 18, partially implemented 11 and not yet implemented 9.

The CSA reviewed eight of its recommendations to measure whether the OCC had implemented them. Of the eight recommendations the CSA reviewed, the CSA determined that the OCC had fully implemented four and partially implemented four. In the CSA's own words, "[t]o conduct the follow-up, CSA met with key OCC personnel to discuss the status of the corrective actions taken to date and, for the eight recommendations selected for this follow-up, obtained documentary evidence, verified the existence of processes that have been established, and documented the results of our fieldwork." The CSA's assessments of the eight recommendations it reviewed and in two instances OCC's responses are:

- 1) Recommendation number 2 - Complete investigations within nine months or 10 months at the latest. (Partially implemented)
- 2) Recommendation number 8 - Develop and implement a notification process when investigations will take longer than nine months. (Partially implemented.)
- 3) Recommendation number 9 - Integrate casework summaries into case tracking system. (Implemented.)
- 4) Recommendation number 12 - In the Keane Report, list the cases chronologically and include the number of days a case has been open. (Partially implemented.) (Fully implemented on August 28, 2009, as evidenced in this third quarter report.)<sup>1</sup>
- 5) Recommendation number 25 - Develop performance plans and implement performance appraisals for OCC employees. (Implemented.)
- 6) Recommendation number 32 – Comply with reporting requirements and post reports on the OCC website. (Implemented.)
- 7) Recommendation number 35 - Develop and present to the Police Commission an annual outreach strategic plan. (Partially implemented.) (Fully implemented by September 1, 2009, using survey tools to measure the effectiveness of its outreach activities.)<sup>2</sup>
- 8) Recommendation number 40 – Include in the OCC annual report data from the intake log on language spoken by complainants. (Implemented.)

---

<sup>1</sup> After the completion of the audit review, the OCC amended the Keane report to include a field that shows the number of days a case has been open.

<sup>2</sup> After the completion of the audit review, the OCC finalized its survey tools for measuring the effectiveness of its outreach activities and began distributing them.

The CSA also stated that, “[a] s a result of the audit recommendations being implemented, the OCC’s operations should be more efficient, effective, transparent, and compliant with City laws and policy.”

The CSA’s report, including the OCC’s response can be found at <http://www.sfgov.org/site/uploadedfiles/controller/reports/OCCFollowUpMemo.pdf>. The OCC will more fully address its implementation of the audit recommendations in its 2009 annual report.

### **III. INVESTIGATION OF CASES**

As of the end of the 2009 third quarter, the OCC opened 787 new cases and closed 778 cases. The OCC closed the quarter with 401 pending cases which is two more than the close of the third quarter in 2008. By the end of the 2009 third quarter there were 8 pending cases from 2008 and 393 pending cases from 2009. By contrast in the previous year (the 2008 third quarter), there were 37 pending cases from 2007 and 362 pending cases from 2008, nearly five times more cases from the previous year, 2007, than pending cases from the previous year, 2008, this third quarter.

Of the 272 cases the OCC closed in the 2009 third quarter, 231 cases (85%) were closed within nine months and only 11 cases (4%) took more than a year to close. This is an improvement compared to the third quarter of 2008 where only 206 cases (75%) were closed within nine months and 37 cases (14%) took more than a year to close.

In the third quarter of 2009, the OCC sustained allegations in five percent of the cases it closed; this is still significantly lower than the OCC’s historical average of nine percent, but greater than the 3.3% of closed cases sustained in the third quarter of 2008. Also, the days to close sustained cases were significantly reduced for the third quarter of 2009. In the third quarter, eight sustained cases (54%) were completed within nine months and one sustained case was completed more than 365 days after receipt, while during the same period in 2008, only one sustained case (17%) was completed within nine months and two cases (33%) were completed more than 365 days after receipt. It is worth noting that filling vacancies contributed to these positive results: for most of 2008, OCC investigators were operating with only twelve fully trained investigators while in 2009 the OCC has seventeen trained investigators.

The OCC sustained 20 allegations in 15 of the cases it closed in the third quarter. One allegation of unnecessary force was sustained in the third quarter. Sixty-five percent of the sustained allegations were for neglect of duty, including failure to document traffic stop data (E585), failure to issue a certificate of release, failure to

return property, failure to follow Department General Order 7.01 (Policies and Procedures for Arrest, Detention and Custody of Juveniles) and inaccurate citation writing. Complaints were sustained for unwarranted action, including false arrest and unlawful search of a home. Complaints were also sustained for discourtesy by using profanity and for conduct reflecting discredit, including one for publicly belittling an individual about a prior conviction and another for failing to abide by leash laws in a recreation area. The sustained allegations for failure to collect traffic stop data and the training imposed by the Police Department may be having an educational effect: in the previous two quarters in 2009, more than one third of the sustained allegations were for failure to report traffic stop data (E585), only one of the 15 sustained cases in the third quarter was for failure to report traffic stop data.

#### **IV. STATUS OF CURRENT OCC CASES – THE ‘KEANE’ REPORT**

By the end of the 2009 third quarter, staff had closed more than 99% of the 2008 cases, leaving from 2008, only 8 of the 1021 cases filed. In comparison, by the end of the 2008 third quarter, staff had closed 96% of the 2007 cases, leaving 37 of the 2007 cases pending of the 954 filed. Through closer case management, staff is moving closer to its goal of completing its investigations within nine months.

#### **V. CASE MANAGEMENT**

The investigator caseload as of September 30, 2009 shows a better balance than the same period in 2008. The average caseload as of September 30, 2009 was 22 cases per investigator. Only one investigator had a caseload of 30 cases as of September 30, 2009. As of September 30, 2008, the average caseload was 27 cases, and one investigator had a caseload of 40 cases. During the third quarter of 2009, the Chief Investigator and the Senior Investigators continued to take a very active role in monthly case reviews, monitoring caseloads and assuming investigative responsibility in selected cases.

#### **VI. CASE PROSECUTION**

The OCC’s two trial attorneys prosecute police misconduct cases in matters investigated and determined by the OCC to be misconduct or failure to perform a required action. They present cases to the Police Chief when officers object to proposed discipline of up to ten days suspension. They also present cases before the Police Commission when the proposed discipline is greater than ten days suspension

up through termination. Finally, the trial attorneys review OCC complaints for sustainability and oversee the preparation of sustained reports.

During the third quarter, the Legal Unit hired trial attorney R. Manuel Fortes to fill the vacancy left by the voluntary resignation of an attorney during the previous quarter. During this period, the OCC participated in case management conferences on six of its Police Commission cases. In addition, the OCC was able to reach resolution of three of those cases, pending Police Commission approval. The proposed resolutions will be presented to the Police Commission during Closed Session in the next quarter.

## **VII. MEDIATION**

The OCC continued to make significant progress in mediating cases during this third quarter. Under the leadership of the OCC's Mediation Coordinator, Donna Salazar, and the efforts of a dedicated panel of pro bono mediators, the OCC mediated 21 cases in the third quarter of 2009. This represents a 5% increase from the third quarter of 2008, when the OCC mediated 20 cases. From the beginning of the 2009 calendar year through the end of the third quarter, the OCC mediated 61 cases, as compared to 53 during the same period in 2008. This represents a 15% increase in mediated cases. The mediation program continues to provide a forum for officers and civilians to have a frank discussion regarding the complaint and serves as an educational experience for all participants.

## **VIII. OUTREACH**

The OCC's Community Outreach Program seeks to improve public and police understanding of its services, goals, and accomplishments. By using a community based approach, the OCC works with leaders, advocates and organizations to educate the public about its services. Through presentations, widely distributed written materials and its website, the OCC aims to increase the public's understanding of civilian oversight and the active role the public can play in making the OCC and community policing successful. Through outreach efforts, the OCC seeks to strengthen its relationships with communities that are historically and statistically likely to have encounters with the police.

During the third quarter of 2009, the OCC was engaged in the following outreach activities:

- A. Investigator David Aulet made a presentation to "La Voz Latina" at the Tennant Collective community meeting.

- B. Investigator William Huey attended a Chinese for Affirmative Action community meeting and distributed materials.
- C. Director Joyce Hicks addressed Police Commission community meetings in Chinatown and the Ingleside district.
- D. Investigators Gregory Underwood, Roxanne Hayes and Sherry Hall, and Mediation Coordinator Donna Salazar staffed an informational table at the Bayview/Hunters Point 6<sup>th</sup> Annual Back to School Celebration.

During this quarter, the OCC continued to supply brochures and other materials in multiple languages to police stations, community centers, and groups representing various demographic groups in the City.

## **IX. POLICY ANALYSIS**

Pursuant to San Francisco City Charter section 4.127, the OCC is charged with “making recommendations concerning policies or practices of the [Police] [D]epartment which could be changed or amended to avoid unnecessary tension with the public or a definable segment of the public while insuring effective police services.”

In September 2009, staff attorney Samara Marion returned to the OCC after a one-year sabbatical and resumed her policy analyst position. Attorney Ellise Nicholson concluded her one-year appointment as OCC’s temporary staff attorney and policy analyst. During this quarter, policy work has focused primarily in the areas of language access (Department General Order 5.20) and police interactions with juveniles (Department General Order 7.01). Additionally, Ms. Marion has been reviewing and prioritizing policy projects and working with the Police Department to resolve outstanding OCC policy recommendations.

October marks the second anniversary of the adoption of DGO 5.20, the language access protocol for the Police Department and the completion of the Police Department’s language access training video for police officers. The OCC, in conjunction with community representatives, assisted in the writing and filming of the Police Department training video. Relying on three scenarios involving Limited English Proficient (LEP) individuals, the training video demonstrates how language barriers undermine the reporting, investigation and prosecution of crime. The video instructs that a bilingual officer speaking directly to the LEP individual is the best method of providing language assistance; civilian interpreters followed by telephone interpreters are appropriate alternatives when a bilingual officer is not available. In

the upcoming quarter, the OCC will continue to meet with community groups and the Police Department to advance the goals of the language access policy.

During the third quarter, the OCC continued its work on developing implementation strategies for Department General Order 7.01, a protocol for police interactions with juveniles. The OCC helped establish collaboration between juvenile justice advocacy groups, city agencies, commissions and the Police Department, to address DGO 7.01's requirement that youth be brought to juvenile-centered facilities instead of district stations holding adult suspects. The OCC will continue to meet with community groups and the Police Department to develop a written implementation strategy and time-line.

Lastly, in September 2009 the OCC and the Police Department renewed discussions on outstanding OCC policy recommendations concerning the electronic recording of custodial interrogations, a protocol for confirming the validity of bench warrants before arrest, the assessment and control of potentially dangerous canines, and the review of deaths and serious injuries caused by extended range impact weapons.

## X. CONCLUSION

The OCC is committed to its mission of conducting timely, fair and unbiased investigations of civilian complaints of police misconduct or failure to perform a duty. The third quarter data reflects the OCC's capabilities when it is more fully staffed. The OCC will continue to engage in strategic case management during the fourth quarter and continue its work on finalizing an investigators' manual on OCC practices and procedures and finalizing a formal training program and strategic plan.

Respectfully submitted,

Joyce M. Hicks  
Executive Director  
Office of Citizen Complaints
