1. RPF Question 1:

In the RFP, the 'Anticipated Contract Budget' establishes a total anticipated not-to-exceed project budget of \$300,000, while the Evaluation Criteria and Proposal Template specify that proposals may not exceed \$200,000.

Could you please confirm the total contract budget for the entire scope of work, and if there are any additional aspects we should keep in mind when structuring our team and pricing?

Response: The not-to-exceed budget for the Municipal Housing Agency Study RFP (LAF2025-01) is \$300,000.

The document titled "Attachment_1-Municipal_Housing_Proposal_Template-LAF2025-01" contained an error in Section D.5. "Price Proposal" located on page 17, and incorrectly stated that the not-to-exceed budget is \$200,000.

On November 17, 2025, a corrected version of the document was uploaded.
