The Compliance and Amendments Committee has referred to the Task Force, for further consideration, their recommendation that the Office of the District Attorney be found in official misconduct for failure to comply with the Sunshine Ordinance, and failure to comply with the Order of Determination issued by the full Task Force on November 27, 2007; that referral, based on that finding, to the Ethics Commission, Board of Supervisors, and the Attorney General be considered. (action item) (20 min) (attachment)

Speakers: Allen Grossman, Complainant, said that the information requested still has not been provided. Sandip Patel, for Respondent, said that the DA stands on its prior statements because providing the requested information would compromise the DA's security.

Mr. Grossman, in rebuttal, said that other departments don't feel that providing Administrative records will jeopardize their security.

Public comment: Ray Hartz said that there is a pattern of City representatives not appearing or unable to answer questions. He said that Departments don't feel that the Task Force is important.

Wayne Lanier said that something must be done to ensure that the DA is preserving public records.

Supervisors with a request for a hearing.

Member Wolf said that the GRM document is a smoking gun.
