**ATTACHED STATUTORY SECTIONS FROM CHAPTER 67 OF THE SAN
FRANCISCO ADMINISTRATIVE CODE (THE SUNSHINE ORDINANCE)
UNLESS OTHERWISE SPECIFIED**

Section 67.1 addresses Findings and Purpose

The Board of Supervisors and the People of the City and County of San Francisco find and declare:

- (a) Government's duty is to serve the public, reaching its decisions in full view of the public.
- (b) Elected officials, commissions, boards, councils and other agencies of the City and County exist to conduct the people's business. The people do not cede to these entities the right to decide what the people should know about the operations of local government.
- (c) Although California has a long tradition of laws designed to protect the public's access to the workings of government, every generation of governmental leaders includes officials who feel more comfortable conducting public business away from the scrutiny of those who elect and employ them. New approaches to government constantly offer public officials additional ways to hide the making of public policy from the public. As government evolves, so must the laws designed to ensure that the process remains visible.
- (d) The right of the people to know what their government and those acting on behalf of their government are doing is fundamental to democracy, and with very few exceptions, that right supersedes any other policy interest government officials may use to prevent public access to information. Only in rare and unusual circumstances does the public benefit from allowing the business of government to be conducted in secret, and those circumstances should be carefully and narrowly defined to prevent public officials from abusing their authority.
- (e) Public officials who attempt to conduct the public's business in secret should be held accountable for their actions. Only a strong Open Government and Sunshine Ordinance, enforced by a strong Sunshine Ordinance Task Force can protect the public's interest in open government.

Memorandum

- (f) The people of San Francisco enact these amendments to assure that the people of the City remain in control of the government they have created.
- (g) Private entities and individuals and employees and officials of the City and County of San Francisco have rights to privacy that must be respected. However, when a person or entity is before a policy body or passive meeting body, that person, and the public, has the right to an open and public process.

Section 67.21 addresses general requests for public documents.

This section provides:

- a.) Every person having custody of any public record or public information, as defined herein, ... shall, at normal times and during normal and reasonable hours of operation, without unreasonable delay, and without requiring an appointment, permit the public record, or any segregable portion of a record, to be inspected and examined by any person and shall furnish one copy thereof upon payment of a reasonable copying charge, not to exceed the lesser of the actual cost or ten cents per page.
- b.) A custodian of a public record shall as soon as possible and within **ten days** (emphasis added) following receipt of a request for inspection or copy of a public record, comply with such request. Such request may be delivered to the office of the custodian by the requester orally or in writing by fax, postal delivery, or e-mail. If the custodian believes the record or information requested is not a public record or is exempt, the custodian shall justify withholding any record by demonstrating, in writing as soon as possible and within ten days following receipt of a request, that the record in question is exempt under express provisions of this ordinance.
- c.) A custodian of a public record shall assist a requester in identifying the existence, form, and nature of any records or information maintained by, available to, or in the custody of the custodian, whether or not the contents of those records are exempt from disclosure and shall, when requested to do so, provide in writing within seven days following receipt of a request, a statement as to the existence, quantity, form and nature of records relating to a particular subject or questions with enough specificity to enable a requester to identify records in order to make a request under (b). A custodian of any public record, when not in possession of the record requested, shall assist a requester in directing a request to the proper office or staff person.

...

Memorandum

k.) Release of documentary public information, whether for inspection of the original or by providing a copy, shall be governed by the California Public Records Act Government Code Section 6250 et seq.) in particulars not addressed by this ordinance and in accordance with the enhanced disclosure requirement provided in this ordinance.

l.) Inspection and copying of documentary public information stored in electronic form shall be made available to the person requesting the information in any form requested which is available to or easily generated by the department, its officers or employees, including disk, tape, printout or monitor at a charge no greater than the cost of the media on which it is duplicated. Inspection of documentary public information on a computer monitor need not be allowed where the information sought is necessarily and unseparably intertwined with information not subject to disclosure under this ordinance. Nothing in this section shall require a department to program or reprogram a computer to respond to a request for information or to release information where the release of that information would violate a licensing agreement or copyright law.

Section 67.22 provides:

Release of oral public information shall be accomplished as follows:

a) Every department head shall designate a person or person knowledgeable about the affairs of the department, to provide information, including oral information, to the public about the department's operations, plans, policies and positions. The department head may designate himself or herself for this assignment, but in any event shall arrange that an alternate be available for this function during the absence of the person assigned primary responsibility. If a department has multiple bureaus or division, the department may designate a person or person for each bureau or division to provide this information.

b) The role of the person or persons so designated shall be to provide information on as timely and responsive a basis as possible to those members of the public who are not requesting information from a specific person. This section shall not be interpreted to curtail existing informal contacts between employees and members of the public when these contacts are occasions, and confined to accurate information not confidential by law.

c) No employee shall be required to respond to any inquiry or inquiries from an individual if it would take the employee more than fifteen minutes to obtain the information responsive to the inquiry or inquiries.

Memorandum

Section 67.26 provides:

No record shall be withheld from disclosure in its entirety unless all information contained in it is exempt from disclosure under express provisions of the California Public Records Act or of some other statute. Information that is exempt from disclosure shall be masked, deleted or otherwise segregated in order that the nonexempt portion of a requested record may be released, and keyed by footnote or other clear reference to the appropriate justification for withholding required by section 67.27 of this article. This work shall be done personally by the attorney or other staff member conducting the exemption review. The work of responding to a public-records request and preparing documents for disclosure shall be considered part of the regular work duties of any city employee, and no fee shall be charged to the requester to cover the personnel costs of responding to a records request.

Section 67.27 provides:

Any withholding of information shall be justified in writing, as follows:

- a.) A withholding under a specific permissive exemption in the California Public Records Act, or elsewhere, which permissive exemption is not forbidden to be asserted by this ordinance, shall cite that authority.
- b.) A withholding on the basis that disclosure is prohibited by law shall cite the specific statutory authority in the Public Records Act of elsewhere.
- c.) A withholding on the basis that disclosure would incur civil or criminal liability shall cite any specific statutory or case law, or any other public agency's litigation experience, supporting that position.
- d.) When a record being requested contains information, most of which is exempt from disclosure under the California Public Records Act and this Article, the custodian shall inform the requester of the nature and extent of the nonexempt information and suggest alternative sources for the information requested, if available.

Section 67.34 addresses willful failure as official misconduct.

The willful failure of any elected official, department head, or other managerial city employee to discharge any duties imposed by the Sunshine Ordinance, the Brown Act or the Public Records Act shall be deemed official misconduct. Complaints involving allegations of willful violations of this ordinance, the Brown Act or the Public Records Act by elected officials or department heads of the City and County of San Francisco shall be handled by the Ethics Commission.

Memorandum

Sunshine Ordinance Section 67.1 provides:

- g) Private entities and individuals and employees and officials of the City and County of San Francisco have rights to privacy that must be respected. However, when a person or entity is before a policy body or passive meeting body, that person, and the public has the right to an open and public process.

The California Public Records Act is located in the state Government Code Sections 6250 et seq. All statutory references, unless stated otherwise, are to the Government Code.

Section 6253 provides.

- a.) Public records are open to inspection at all times during the office hours of the state or local agency and every person has a right to inspect any public record, except as hereafter provided. Any reasonably segregable portion of a record shall be available for inspection by any person requesting the records after deletion of the portions that are exempted by law.
- b.) Except with respect to public records exempt from disclosure by express provisions of law, each state or local agency, upon a request for a copy of records that reasonably describes an identifiable record or records, shall make the records promptly available to any person upon payment of fees covering direct costs of duplication, or a statutory fee if applicable. Upon request, an exact copy shall be provided unless impracticable to do so.
- c.) Each agency, upon a request for a copy of records, shall within 10 days from receipt of the request, determine whether the request, in whole or in part, seeks copies of disclosable public records in the possession of the agency and shall promptly notify the person making the request of the determination and the reasons therefore....

Section 6255 provides:

- a.) The agency shall justify withholding any record by demonstrating that the record in question is exempt under express provisions of this chapter or that on the facts of the particular case the public interest served by not disclosing the record clearly outweighs the public interest served by disclosure of the record.

Subject City Attorney will not release Sunshine Communications with
DA #08004

(SOTF Admin please collate this for the meeting packet for Complaint # 08004)

Ms. Thompson:

Where have you applied the following two laws that influence this analysis? - the Charter is local law too.

California Constitution Declaration of Rights

SEC. 3. (2) A statute, court rule, or other authority, including those in effect on the effective date of this subdivision, shall be broadly construed if it furthers the people's right of access, and narrowly construed if it limits the right of access.

SEC. 67.36. SUNSHINE ORDINANCE SUPERSEDES OTHER LOCAL LAWS .

The provisions of this Sunshine Ordinance supersede other local laws . Whenever a conflict in local law is identified, the requirement which would result in greater or more expedited public access to public information shall apply.

Also the use of the term "City" in the Sunshine ordinance includes the District Attorney's office the City as a whole has waived it's Attorney Client rights on Administrative records and Sunshine matters - that is not limited to the City Attorney office . District Attorney's are City Employees they can't choose to unwaive it, the voters have already decided

When there is a conflict between the Charter and Sunshine , then Sunshine overrules if it relates to 6253 (e):

CPRA 6253 (e) allows local agencies to provide greater access *"Except as otherwise prohibited by law, a state or local agency may adopt requirements for itself that allow for faster , more efficient , or greater access to records than prescribed by the minimum standards set forth in this chapter."*

When there is a conflict between Sunshine and other local laws (the Charter is a local law), Sunshine controls see 67.36 above.

Your behavior here is in direct contradiction to what is required under 67.21 (i) & 67.24 (b) (1) (iii) Clearly prohibiting these actions

67.21 (i) The San Francisco City Attorney "s office shall act to protect and secure the rights of the people of San Francisco to access public information and public meetings and shall not act as legal counsel for any city employee or any person having custody of any public record for purposes of denying access to the public . The City Attorney may publish legal opinions in response to a request from any person as to whether a record or information is public. All communications w ith the City Attorney "s Office with regard to this ordinance , including petitions , requests for opinion , and opinions shall be public records .

67.24(b)(1)(iii) of the Sunshine Ordinance provides that "[a]dvice on compliance with , analysis of, an opinion concerning liability under , or any communication otherwise concerning the California Public Records Act . . . or this Ordinance " are subject to disclosure.

How are you acting to protect and secure the rights of San Francisco citizens?

On the request for information under 67.21 (c) (7 day written statement of info):

You are adding all sorts of conditions and assumptions (i.e. "this is to help the general public to know what info can be selected") that are not the law- this section 67.21 (c) it is not taken away if you have provided a few records.

"whether or not the contents of those records are exempt from disclosure"

Please provide a description and count of what was withheld - I'm not asking for a detailed privilege log which you allege

Lastly, under 67.26 you may only minimally withhold therefore even if these email communications were exempt, they should be provided in a redacted form displaying the header of the email with unredacted From, To and Date fields

Subject: re: Request from 1/03/08 re: Communications w/ District Attorney

Dear Mr. Crossman,

You have asked for "all communications and advice for the period of May 2007- Present with the San Francisco District Attorney's office regarding matters related to Open Government, public records, Sunshine Taskforce or privacy as described in [specified sections of the Sunshine Ordinance]."

Under Charter Section 6.102, the City Attorney is the attorney for the City and County of San Francisco, including the San Francisco District Attorney and other elected City and County officials. The District Attorney's Office has written to this office, stating that it is the holder of the attorney-client privilege in this instance and informing us that it does not waive the privilege with respect to the records that you

have requested. The District Attorney has expressly directed this office not to publish any communications between this office and the District Attorney's Office. See the attached letter from Paul Henderson, Chief of Administration to Dennis Herrera, dated February 25, 2008.

Assistant District Attorney Henderson cites two statutes in his letter, California Evidence Code section 950 *et seq.* (the client has a privilege to refuse to disclose, and to prevent another from disclosing, a confidential communication between client and lawyer) and California Business and Professions Code section 6068(e)(1) ("[I]t is the duty of an attorney . . . [t]o maintain inviolate the confidence, and at every peril to himself or herself to preserve the secrets, of his or her client.").

We also note that lawyers have an ethical obligation under the California Rules of Professional Conduct not to reveal information protected from disclosure under Business and Professions Code section 6068(e)(1) without the informed consent of the client (unless the lawyer reasonably believes that disclosure of the communication relates to the prevention of a criminal act that is likely to result in the death of, or substantial bodily harm to, an individual). Rules of Professional Conduct, Rule 3-100. See also, California Government Code section 6276.04 (among the records not required to be disclosed under the Public Records Act are attorney-client confidential communications protected under Business and Professions Code section 6068 and Evidence Code Sections prohibiting the disclosure of confidential attorney-client communications).

Section 67.24(b)(1)(iii) of the Sunshine Ordinance provides that "[a]dvice on compliance with, analysis of, an opinion concerning liability under, or any communication otherwise concerning the California Public Records Act . . . or this Ordinance" are subject to disclosure. Although the practice of this office is to alert City clients seeking written legal advice to this provision of the Sunshine Ordinance, we have also noted that there may be instances where the disclosure of attorney-client communications may conflict with the Charter and State law. See the Good Government Guide, 2007-08 edition (the first discussion is on pages 15-16 and the second on page 76):

The City Attorney's Role in Providing Ethics and Open Government Advice

* * *

Finally, City officers and employees should be aware that legal advice on ethics laws and open government laws may not be confidential for another reason. The Sunshine Ordinance provides that notwithstanding any exemption provided by law, any written legal advice about conflicts or open government laws may not be withheld from disclosure in response to a request for records under the Sunshine Ordinance. Accordingly, the practice of the City Attorney's Office is to make clear to any officer or employee who requests such advice in writing that the advice may be subject to disclosure upon request by a member of the public.

* * *

Attorney-Client Communication

A department may decline to disclose any attorney-client privileged communication between the department and its attorneys. State law makes communications between the City Attorney and those officials and employees privileged and confidential. Evidence Code § 950 *et seq.*

The Sunshine Ordinance requires disclosure of advice memoranda regarding the California Public Records Act, the Brown Act, the Political Reform Act, any "San Francisco governmental ethics code," or the Sunshine Ordinance. Admin. Code § 67.24(b)(1)(iii). At the same time the Charter and State law create attorney-client relationships between the City Attorney and City officials. Charter § 6.102. There may be instances where public disclosure of an attorney-client communication may conflict with the Charter and State law. Departments should refer requests for attorney-client communications to the City Attorney's Office.

The attorney-client privilege belongs to the client, not the attorney. Thus, records covered by the privilege that the City Attorney possesses must remain confidential unless the client – the City – consents to their disclosure. Bus. & Prof. Code § 6068(e).

In light of the legal uncertainty of the validity of Section 67.24(b)(1)(iii), the otherwise privileged nature of the attorney-client communications in question, and the direction by the District Attorney's office not to disclose these communications, this office has both a legal and ethical duty to assert the privilege in response to your request. For these reasons, we decline to provide the records that you have requested.

Re: Kimo Crossman v. City Attorney's Office (08004)

Dear Chair Cauthen and Members of the Complaint Committee:

This letter addresses the issue of whether the Sunshine Ordinance Task Force ("Task Force") has jurisdiction over the complaint of Kimo Crossman against the San Francisco City Attorney's Office.

BACKGROUND

On December 6, 2007, Kimo Crossman made an Immediate Disclosure Request ("IDR") for public records with Alexis Thompson of the City Attorney's Office. Kimo Crossman's IDR requested all communications and advice for the period of May 2007 to the present with the City Attorney's Office regarding matter related to Open Government, public records, Sunshine Task Force r privacy as described in Government Code § 67.24(b)(1)(iii) & 67.21(i). Kimo Crossman also requested advice on compliance with, analysis of, an opinion concerning liability under, or any communication otherwise concerning the California Public Records Act, the Ralph M. Brown Act, the Political Reform Act, any San Francisco governmental ethics code, or this Ordinance. Kimo Crossman requested the detailed billing records related to the advice and detailed calendars of the attorneys providing the advice.

On December 7, 2007, Alexis Thompson responded and based under Section 6253(c) of the Public Records Action and Section 67.25(b) of the Sunshine Ordinance, the CAO invoked an extension of time not to exceed 14 days to respond to the IDR.

Kimo Crossman claimed that he did not receive the records even after the extension. On 1/3/08, Kimo Crossman petitioned the Supervisor of Records from the City Attorney's Office and asked for a determination. DCA Paula Jesson responded to the request. Kimo Crossman stated that DCA Jesson's response was that Kimo Crossman would have to wait until the City Attorney's Office completes their review of records.

COMPLAINT

On November 29, 2007 Complainant Kimo Crossman filed a complaint against the City Attorney's Office alleging violations sections 67.1; 67.25(d), 67.26, 67.21.(a), (b), (i), 67.24(d), 67.34 of the Sunshine Ordinance and State Government Code Sections 6253 and 6255.

Letter to the Complaint Committee
Page 2
February 4, 2008

SHORT ANSWER

Based on Complainant's allegation and the applicable sections of the Sunshine Ordinance and the California Public Records Act, which are cited below, the Sunshine Ordinance Task Force *does* have jurisdiction over the allegation. The allegations are covered under 67.21 and 67.25 of the Ordinance.

DISCUSSION AND ANALYSIS

Article I Section 3 of the California Constitution as amended by Proposition 59 in 2004, the State Public Records Act, the State Brown Act, and the Sunshine Ordinance as amended by Proposition G in 1999 generally covers the area of Public Records and Public Meeting laws that the Sunshine Ordinance Task Force uses in its work.

The Sunshine Ordinance is located in the San Francisco Administrative Code Chapter 67. All statutory references, unless stated otherwise, are to the Administrative Code.

Section 67.21 generally covers requests for documents and Section 67.25-5 covers Immediate Disclosure Requests

In this case Kimo Crossman alleges that he made requests for the communications, advice, billing records and calendars involving the City Attorney's Office and the CAO on Sunshine Ordinance and State Public records matters and alleges that he did not receive them. The Task Force has subject matter jurisdiction over this complaint and will have to determine if the City Attorney's Office violated the Ordinance.

Section(s)_Violated: 67.1, 67.25 d, 67.27,67.26, 67.21(a),(b),(i), 67.24 (d)
67.34, Government Code 6253, 6255

Description: I requested communications with between the City Attorney and the District Attorney on Sunshine matters, detailed billing records for this advice and calendars of City Attorneys who advised even if no billing records were created. After a 14 day extension not additional response was provided by the office, no records have been provided and not incrementally. No notification that my requests were being prioritized. Silence.

On 1/3 I appealed to the Supervisor of Records for determination of 4 requests which were significantly overdue even after extensions at the City Attorney's office. All of these requests were reasonable, for example I requested the communications between the District Attorney and the City Attorney re Sunshine Matters for a period. Another one: all Open Government advice provided to the new Clerk of the Board, or any records of communications with Harrison Sheppard.

Ms. Jesson, the Supervisor or Records claims I have to wait until the city attorney office completes their review of records, that is not correct, if they have not provided a response besides the extension they have failed to comply. And an appeal is valid.

Ms. Jesson does not understand that law. "If the custodian refuses, fails to comply, or incompletely complies" That has occurred, a determination must be processed within ten days of my appeal request.

She apparently is claiming that the office of 200 lawyers plus staff has to prioritize my requests even though I was not notified that they were prioritized, nor the order they were prioritized and

she has provided no legal basis for prioritizing my requests.

Ms Jesson:

You submitted five petitions on January 3, 2008. Four of those relate to requests for records made to this office. This office has not yet responded to this request. As you know, because of the volume of your public records requests to this office, it has become necessary to prioritize them. When this office has completed its review and determined that a record that you have requested falls within a protected category and should be withheld, you may appeal the denial to the Supervisor of Records. Until that time, your appeal is premature

67.21

(d) If the custodian refuses, fails to comply, or incompletely complies with a request described in (b), the person making the request may petition the *supervisor of records* for a determination whether the record requested is public. The supervisor of records shall inform the petitioner, as soon as possible and within 10 days, of its determination whether the record requested, or any part of the record requested, is public. Where requested by the petition, and where otherwise desirable, this determination shall be in writing. Upon the determination by the supervisor of records that the record is public, the supervisor of records shall immediately order the custodian of the public record to comply with the person's request. If the custodian refuses or fails to comply with any such order within 5 days, the supervisor of records shall notify the district attorney or the attorney general who shall take whatever measures she or he deems necessary and appropriate to insure compliance with the provisions of this ordinance.

Re: Kimo Crossman v. City Attorney, Complaints #08004-08007

Dear Honorable Members of the Sunshine Ordinance Task Force:

This correspondence serves to address the most recent complaints filed by Mr. Kimo Crossman against the Office of the City Attorney to the Sunshine Ordinance Task Force. The complaints that are slated to be before the Task Force are #08004, #08005, #08006, and #08007.

As the Task Force is aware by receipt of correspondence between our office and Mr. Crossman, in a letter written by City Attorney Public Information Officer Matt Dorsey on January 12, 2006, Mr. Crossman's requests for information have oftentimes placed vast burdens on the resources of our office as well as other city departments. For this reason, the City Attorney informed Mr. Crossman that due to his unprecedented number of detailed requests, some requiring a voluminous amount of material to be examined and reviewed for protected information, our office deemed it necessary to limit the time spent responding to Mr. Crossman's requests to allow us to dutifully perform our other work. We advised our clients to do the same.

In the aforementioned letter and in subsequent correspondence with Mr. Crossman to which the Task Force was made aware, the City Attorney's Office also made clear that before devoting significant resources to a new request made by Mr. Crossman, we would complete our responses to his outstanding requests. We have advised our clients to do the same. When setting forth this process to best handle Mr. Crossman's requests, while reasonably attempting to protect City resources, we realized that this would result in missed deadlines. In this case we received a number of requests from Mr. Crossman during a relatively short time frame and since then we have also had to expend considerable resources responding to his complaints before the Task Force, at least one petition to the Supervisor of Records, and providing advice to client departments pertaining to his requests of them.

The City Attorney's Office takes very seriously its obligations under the Sunshine Ordinance and other public information laws. At the same time we owe a duty to the more than 750,000 other residents of this City to fulfill all of our duties, which include responding to other individual requests for public records. In the past two years, we believe that we have made progress in trying to fulfill Mr. Crossman's requests in a timely manner without compromising our services to every other San Franciscan. It is my hope that the Task Force recognizes the judiciousness with which we have sought to balance our competing obligations.

Very truly yours,

Alexis Thompson

Ms. Thompson:

Where have you applied the following two laws that influence this analysis? - Also, the Charter is local law too.

SEC. 67.36. SUNSHINE ORDINANCE SUPERSEDES OTHER LOCAL LAWS.

The provisions of this Sunshine Ordinance supersede other local laws. Whenever a conflict in local law is identified, the requirement which would result in greater or more expedited public access to public information shall apply. (Added by Proposition G, 11/2/99)
California Constitution Declaration of Rights

SEC. 3. (a) The people have the right to instruct their representatives, petition government for redress of grievances, and assemble freely to consult for the common good.

(b) (1) The people have the right of access to information concerning the conduct of the people's business, and, therefore, the meetings of public bodies and the writings of public officials and agencies shall be open to public scrutiny.

(2) A statute, court rule, or other authority, including those in effect on the effective date of this subdivision, shall be broadly construed if it furthers the people's right of access, and narrowly construed if it limits the right of access. A statute, court rule, or other authority adopted after the effective date of this subdivision that limits the right of access shall be adopted with findings demonstrating the interest protected by the limitation and the need for protecting that interest.

Also the use of the term "City" in the Sunshine ordinance means includes the District Attorney's office the City as a whole has waived it's Attorney Client rights on Administrative records and Sunshine matters - that is not limited to the City Attorney office. District Attorney's are City Employees.

Your behavior here is in direct contradiction to what is required under 67.21 (i) prohibiting these actions

(i) The San Francisco City Attorney's office shall act to protect and secure the rights of the people of San Francisco to access public information and public meetings and shall not act as legal counsel for any city employee or any person having custody of any public record for purposes of denying access to the public. The City Attorney may publish legal opinions in

response to a request from any person as to whether a record or information is public. **All communications with the City Attorney's Office with regard to this ordinance, including petitions, requests for opinion, and opinions shall be public records.**

Subject: re: Request from 1/03/08 re: Communications w/ District Attorney

Dear Mr. Crossman,

You have asked for "all communications and advice for the period of May 2007- Present with the San Francisco District Attorney's office regarding matters related to Open Government, public records, Sunshine Taskforce or privacy as described in [specified sections of the Sunshine Ordinance]."

Under Charter Section 6.102, the City Attorney is the attorney for the City and County of San Francisco, including the San Francisco District Attorney and other elected City and County officials. The District Attorney's Office has written to this office, stating that it is the holder of the attorney-client privilege in this instance and informing us that it does not waive the privilege with respect to the records that you have requested. The District Attorney has expressly directed this office not to publish any communications between this office and the District Attorney's Office. See the attached letter from Paul Henderson, Chief of Administration to Dennis Herrera, dated February 25, 2008.

Assistant District Attorney Henderson cites two statutes in his letter, California Evidence Code section 950 *et seq.* (the client has a privilege to refuse to disclose, and to prevent another from disclosing, a confidential communication between client and lawyer) and California Business and Professions Code section 6068(e)(1) ("[I]t is the duty of an attorney . . . [t]o maintain inviolate the confidence, and at every peril to himself or herself to preserve the secrets, of his or her client.").

We also note that lawyers have an ethical obligation under the California Rules of Professional Conduct not to reveal information protected from disclosure under Business and Professions Code section 6068(e)(1) without the informed consent of the client (unless the lawyer reasonably believes that disclosure of the communication relates to the prevention of a criminal act that is likely to result in the death of, or substantial bodily harm to, an individual). Rules of Professional Conduct, Rule 3-100. See also, California Government Code section 6276.04 (among the records not required to be disclosed under the Public Records Act are attorney-client confidential communications protected under Business and Professions Code section 6068 and Evidence Code Sections prohibiting the disclosure of confidential attorney-client communications).

Section 67.24(b)(1)(iii) of the Sunshine Ordinance provides that "[a]dvice on compliance with, analysis of, an opinion concerning liability under, or any communication otherwise concerning the California Public Records Act . . . or this Ordinance" are subject to disclosure. Although the practice of this office is to alert City clients seeking written legal advice to this provision of the Sunshine Ordinance, we have also noted that there may be instances where the disclosure of attorney-client communications may conflict with the Charter and State law. See the Good Government Guide, 2007-08 edition (the first discussion is on pages 15-16 and the second on page 76):

The City Attorney's Role in Providing Ethics and Open Government Advice

* * *

Finally, City officers and employees should be aware that legal advice on ethics laws and open government laws may not be confidential for another reason. The Sunshine Ordinance provides that

notwithstanding any exemption provided by law, any written legal advice about conflicts or open government laws may not be withheld from disclosure in response to a request for records under the Sunshine Ordinance. Accordingly, the practice of the City Attorney's Office is to make clear to any officer or employee who requests such advice in writing that the advice may be subject to disclosure upon request by a member of the public.

Attorney-Client Communication

A department may decline to disclose any attorney-client privileged communication between the department and its attorneys. State law makes communications between the City Attorney and those officials and employees privileged and confidential. Evidence Code § 950 *et seq.*

The Sunshine Ordinance requires disclosure of advice memoranda regarding the California Public Records Act, the Brown Act, the Political Reform Act, any "San Francisco governmental ethics code," or the Sunshine Ordinance. Admin. Code § 67.24(b)(1)(iii). At the same time the Charter and State law create attorney-client relationships between the City Attorney and City officials. Charter § 6.102. There may be instances where public disclosure of an attorney-client communication may conflict with the Charter and State law. Departments should refer requests for attorney-client communications to the City Attorney's Office.

The attorney-client privilege belongs to the client, not the attorney. Thus, records covered by the privilege that the City Attorney possesses must remain confidential unless the client – the City – consents to their disclosure. Bus. & Prof. Code § 6068(e).

In light of the legal uncertainty of the validity of Section 67.24(b)(1)(iii), the otherwise privileged nature of the attorney-client communications in question, and the direction by the District Attorney's office not to disclose these communications, this office has both a legal and ethical duty to assert the privilege in response to your request. For these reasons, we decline to provide the records that you have requested.

Members of the Complaint Committee

Re: Kimo Crossman v. City Attorney's Office (08005)

Dear Chair Cauthen and Members of the Complaint Committee:

This letter addresses the issue of whether the Sunshine Ordinance Task Force ("Task Force") has jurisdiction over the complaint of Kimo Crossman against the San Francisco City Attorney's Office.

BACKGROUND

On November 30 2007, Kimo Crossman made an Immediate Disclosure Request ("IDR") for public records with Alexis Thompson of the City Attorney's Office. Kimo Crossman's IDR requested all materials and correspondence with or about or provided to Harrison Sheppard, Task Force member. Kimo Crossman requested the attorney billing records and calendars of anyone in the CAO who has interacted with him.

On December 4, 2007, Alexis Thompson responded and based under Section 6253(c) of the Public Records Action and Section 67.25(b) of the Sunshine Ordinance, the CAO invoked an extension of time not to exceed 14 days to respond to the IDR.

Kimo Crossman claimed that he did not receive the records even after the extension. On 1/3/08, Kimo Crossman petitioned the Supervisor of Records from the City Attorney's Office and asked for a determination. DCA Paula Jesson responded to the request. Kimo Crossman stated that DCA Jesson's response was that Kimo Crossman would have to wait until the City Attorney's Office completes their review of records.

COMPLAINT

On January 10, 2008, Complainant Kimo Crossman filed a complaint against the City Attorney's Office alleging violations sections 67.1; 67.25(d), 67.26, 67.21.(a), (b), (i), 67.24(d), 67.34 of the Sunshine Ordinance and State Government Code Sections 6253 and 6255.

SHORT ANSWER

Based on Complainant's allegation and the applicable sections of the Sunshine Ordinance and the California Public Records Act, which are cited below, the Sunshine Ordinance Task Force *does* have jurisdiction over the allegation. The allegations are covered under 67.21 and 67.25 of the Ordinance.

Letter to the Complaint Committee
Page 2
February 4, 2008

DISCUSSION AND ANALYSIS

Article I Section 3 of the California Constitution as amended by Proposition 59 in 2004, the State Public Records Act, the State Brown Act, and the Sunshine Ordinance as amended by Proposition G in 1999 generally covers the area of Public Records and Public Meeting laws that the Sunshine Ordinance Task Force uses in its work.

The Sunshine Ordinance is located in the San Francisco Administrative Code Chapter 67. All statutory references, unless stated otherwise, are to the Administrative Code.

Section 67.21 generally covers requests for documents and Section 67.25-5 covers Immediate Disclosure Requests

In this case Kimo Crossman alleges that he made requests for the communications, advice, billing records and calendars involving the City Attorney's Office and the CAO on Sunshine Ordinance and State Public records matters and alleges did not receive them. The Task Force has subject matter jurisdiction over this complaint and will have to determine if the City Attorney's Office violated the Ordinance.

Subject SOTF Complaint City Attorney interactions with Harrison Sheppard

Submitted on: 1/10/2007

Department: City Attorney

Contacted: Matt Dorsey, Paula Jesson, Alexis Thompson

Public_Records_Violation: Yes

Public_Meeting_Violation: No

Meeting_Date:

Section(s)_Violated: 67.1, 67.25 d, 67.27,67.26, 67.21(a),(b),(i), 67.21 (d), 67.24 (b) (1) (iii)
67.34, Government Code 6253, 6255

Description: I requested at the City Attorney with, about or provided to Harrison Sheppard on Sunshine matters, detailed billing records and calendars of staff at the City Attorney office who interacted with him even if no billing records were created. After a 14 day extension no additional response was provided by the office, no records have been provided and not incrementally. No notification that my requests were being prioritized. Silence.

On 1/3 I appealed to the Supervisor of Records for determination of 4 requests which were significantly overdue even after extensions at the City Attorney's office. All of these requests were reasonable, for example I requested the communications between the District Attorney and the City Attorney re Sunshine Matters for a period. Another one: all Open Government advice provided to the new Clerk of the Board, or any records of communications with Harrison Sheppard.

Ms. Jesson, the Supervisor or Records claims I have to wait until the city attorney office completes their review of records, that is not correct, if they have not provided a response besides the extension they have failed to comply. And an appeal is valid.

Ms. Jesson does not understand that law. "If the custodian refuses, fails to comply, or incompletely complies" That has occurred, a determination must be processed within ten days of my appeal request.

She apparently is claiming that the office of 200 lawyers plus staff has to prioritize my requests even though I was not notified that they were prioritized, nor the order they were prioritized and

she has provided no legal basis for prioritizing my requests.

Ms Jesson says:

You submitted five petitions on January 3, 2008. Four of those relate to requests for records made to this office. This office has not yet responded to this request. As you know, because of the volume of your public records requests to this office, it has become necessary to prioritize them. When this office has completed its review and determined that a record that you have requested falls within a protected category and should be withheld, you may appeal the denial to the Supervisor of Records. Until that time, your appeal is premature

67.21

(d) If the custodian refuses, fails to comply, or incompletely complies with a request described in (b), the person making the request may petition the *supervisor of records* for a determination whether the record requested is public. The supervisor of records shall inform the petitioner, as soon as possible and within 10 days, of its determination whether the record requested, or any part of the record requested, is public. Where requested by the petition, and where otherwise desirable, this determination shall be in writing. Upon the determination by the supervisor of records that the record is public, the supervisor of records shall immediately order the custodian of the public record to comply with the person's request. If the custodian refuses or fails to comply with any such order within 5 days, the supervisor of records shall notify the district attorney or the attorney general who shall take whatever measures she or he deems necessary and appropriate to insure compliance with the provisions of this ordinance.

Re: Kimo Crossman v. City Attorney, Complaints #08004-08007

RECEIVED
BOARD OF SUPERVISORS
CALIFORNIA
000 FEB 19 PM 3:52
SMO

Dear Honorable Members of the Sunshine Ordinance Task Force:

This correspondence serves to address the most recent complaints filed by Mr. Kimo Crossman against the Office of the City Attorney to the Sunshine Ordinance Task Force. The complaints that are slated to be before the Task Force are #08004, #08005, #08006, and #08007.

As the Task Force is aware by receipt of correspondence between our office and Mr. Crossman, in a letter written by City Attorney Public Information Officer Matt Dorsey on January 12, 2006, Mr. Crossman's requests for information have oftentimes placed vast burdens on the resources of our office as well as other city departments. For this reason, the City Attorney informed Mr. Crossman that due to his unprecedented number of detailed requests, some requiring a voluminous amount of material to be examined and reviewed for protected information, our office deemed it necessary to limit the time spent responding to Mr. Crossman's requests to allow us to dutifully perform our other work. We advised our clients to do the same.

In the aforementioned letter and in subsequent correspondence with Mr. Crossman to which the Task Force was made aware, the City Attorney's Office also made clear that before devoting significant resources to a new request made by Mr. Crossman, we would complete our responses to his outstanding requests. We have advised our clients to do the same. When setting forth this process to best handle Mr. Crossman's requests, while reasonably attempting to protect City resources, we realized that this would result in missed deadlines. In this case we received a number of requests from Mr. Crossman during a relatively short time frame and since then we have also had to expend considerable resources responding to his complaints before the Task Force, at least one petition to the Supervisor of Records, and providing advice to client departments pertaining to his requests of them.

The City Attorney's Office takes very seriously its obligations under the Sunshine Ordinance and other public information laws. At the same time we owe a duty to the more than 750,000 other residents of this City to fulfill all of our duties, which include responding to other individual requests for public records. In the past two years, we believe that we have made progress in trying to fulfill Mr. Crossman's requests in a timely manner without compromising our services to every other San Franciscan. It is my hope that the Task Force recognizes the judiciousness with which we have sought to balance our competing obligations.

Members of the Complaint Committee

Re: Kimo Crossman v. City Attorney's Office (08007)

Dear Chair Cauthen and Members of the Complaint Committee:

This letter addresses the issue of whether the Sunshine Ordinance Task Force ("Task Force") has jurisdiction over the complaint of Kimo Crossman against the San Francisco City Attorney's Office.

BACKGROUND

On December 4, 2007, Kimo Crossman made an Immediate Disclosure Request ("IDR") for public records with Alexis Thompson of the City Attorney's Office. Kimo Crossman's IDR requested all communications and advice provided to Angela Calvillo, Clerk of the Board regarding matter related to Open Government, public records, Sunshine Task Force or privacy as described in Government Code Section 67.24(b)(1)(iii) & 67.21(i). In addition, Kimo Crossman requested the advice on compliance with, analysis of, an opinion concerning liability under or any communication otherwise concerning the California Public Records Act, the Ralph M. Brown Act, the Political reform Act, any San Francisco governmental ethics code, or this ordinance.

On December 6, 2007, Alexis Thompson responded and based under Section 6253(c) of the Public Records Action and Section 67.25(b) of the Sunshine Ordinance, the CAO invoked an extension of time not to exceed 14 days to respond to the IDR.

Kimo Crossman claimed that he did not receive the records even after the extension. On 1/3/08, Kimo Crossman petitioned the Supervisor of Records from the City Attorney's Office and asked for a determination. DCA Paula Jesson responded to the request. Kimo Crossman stated that DCA Jesson's response was that Kimo Crossman would have to wait until the City Attorney's Office completes their review of records.

COMPLAINT

On January 10, 2008, Complainant Kimo Crossman filed a complaint against the City Attorney's Office alleging violations sections 67.1; 67.25(d), 67.26, 67.21.(a), (b), (i), 67.24(d), 67.34 of the Sunshine Ordinance and State Government Code Sections 6253 and 6255.

Letter to the Complaint Committee
Page 2
February 4, 2008

SHORT ANSWER

Based on Complainant's allegation and the applicable sections of the Sunshine Ordinance and the California Public Records Act, which are cited below, the Sunshine Ordinance Task Force *does* have jurisdiction over the allegation. The allegations are covered under 67.21 and 67.25 of the Ordinance.

DISCUSSION AND ANALYSIS

Article I Section 3 of the California Constitution as amended by Proposition 59 in 2004, the State Public Records Act, the State Brown Act, and the Sunshine Ordinance as amended by Proposition G in 1999 generally covers the area of Public Records and Public Meeting laws that the Sunshine Ordinance Task Force uses in its work.

The Sunshine Ordinance is located in the San Francisco Administrative Code Chapter 67. All statutory references, unless stated otherwise, are to the Administrative Code.

Section 67.21 generally covers requests for documents and Section 67.25-5 covers Immediate Disclosure Requests

In this case Kimo Crossman alleges that he made requests for the communications, advice, billing records and calendars involving the City Attorney's Office and the Clerk of the Board of Supervisors on Sunshine Ordinance and State Public records matters and did not receive them. The Task Force has subject matter jurisdiction over this complaint and will have to determine if the City Attorney's Office violated the Ordinance.

Subject Sunshine Complaint- Clerk of the Board - Attorney advice on public records and SOTF matters

Submitted on: 1/10/2007

Department: City Attorney

Contacted: Matt Dorsey, Paula Jesson, Alexis Thompson

Public_Records_Violation: Yes

Public_Meeting_Violation: No

Meeting_Date:

Section(s)_Violated: 67.1, 67.25 d, 67.27,67.26, 67.21(a),(b),(i), 67.21 (d), 67.24 (b) (1) (iii) 67.34, Government Code 6253, 6255

Description: I requested communications with between the City Attorney and the Clerk of the Board on Sunshine matters, detailed billing records for this advice and calendars of City Attorneys who advised even if no billing records were created. After a 14 day extension no additional response was provided by the office, no records have been provided and not incrementally. No notification that my requests were being prioritized. Silence.

On 1/3 I appealed to the Supervisor of Records for determination of 4 requests which were significantly overdue even after extensions at the City Attorney's office. All of these requests were reasonable, for example I requested the communications between the District Attorney and the City Attorney re Sunshine Matters for a period. Another one: all Open Government advice provided to the new Clerk of the Board, or any records of communications with Harrison Sheppard.

Ms. Jesson, the Supervisor or Records claims I have to wait until the city attorney office completes their review of records, that is not correct, if they have not provided a response besides the extension they have failed to comply. And an appeal is valid.

Ms. Jesson does not understand that law. "If the custodian refuses, fails to comply, or incompletely complies" That has occurred, a determination must be processed within ten days of my appeal request.

She apparently is claiming that the office of 200 lawyers plus staff has to prioritize my requests

even though I was not notified that they were prioritized, nor the order they were prioritized and she has provided no legal basis for prioritizing my requests.

Ms Jesson:

You submitted five petitions on January 3, 2008. Four of those relate to requests for records made to this office. This office has not yet responded to this request. As you know, because of the volume of your public records requests to this office, it has become necessary to prioritize them. When this office has completed its review and determined that a record that you have requested falls within a protected category and should be withheld, you may appeal the denial to the Supervisor of Records. Until that time, your appeal is premature

67.21

(d) If the custodian refuses, fails to comply, or incompletely complies with a request described in (b), the person making the request may petition the *supervisor of records* for a determination whether the record requested is public. The supervisor of records shall inform the petitioner, as soon as possible and within 10 days, of its determination whether the record requested, or any part of the record requested, is public. Where requested by the petition, and where otherwise desirable, this determination shall be in writing. Upon the determination by the supervisor of records that the record is public, the supervisor of records shall immediately order the custodian of the public record to comply with the person's request.
