

Help Us Design A Vision for the SFUSD School Food Experience!

We are looking for a small representative group of San Francisco Unified School District high school students who are interested in school food and want to have their voices heard. SFUSD has teamed up with IDEO, a design company to help improve the school food experience.

As part of this work, IDEO is hosting a series of 2-hour workshops. At each workshop there will be a small group of students or parents who will help give shape to the many ideas in process around the food experience in schools.

We would like to invite 3-6 High School Students from your organization to express interest in participation in these workshops by submitting a list of names with contact info and relevant demographics (school, grade, ethnicity, and participation in school food program) **by Friday, May 24 to asha.h.mehta@gmail.com**. We will also be including 1-3 adult leaders in this process as well. Please include their info as well. Adult leaders will also receive a gift card. (Our intention in collecting demographic information is to ensure a diversity of participants to give feedback regarding the school food experience.)

We will inform you of who is selected by Wednesday, May 29th.

Thank you!

Workshop details:

Workshop	Participants	When	Where	Stipend
High School	High school age students (8-10 total, diversity of participation in school food program). Select staff leaders asked to join)	Friday, June 7 10am to 12pm Lunch provided at end of workshop	IDEO Office Pier 28, Embarcadero St., San Francisco	\$150 gift card per participant

Sincerely,

Asha Mehta, Community Liaison to the School Food Initiative
