Mr. Cox gave a presentation regarding the pretext stops legislation, updates, and background information on their efforts.

Chair Fong asked how widely the right to counsel with the public defender's office is used, to which Cox said it could be used more and he hopes to spread knowledge of this right. Commissioner Lonné Amir asked what the next steps are with this policy, to which Cox said he hopes to spread more awareness of the policy change and ensure that SFPD is publicly reporting data listed in the policy. Commissioner Fortgang asked what the similarities with other cities' policies are to others and what changes they've seen, to which Cox said that San Francisco's policy on pretext stops is a combination of the best parts of all other policies across the nation. Officer Valencia-Tow asked if he has any future plans on pretext stops legislation, to which Cox said he hopes they can continue making public safety laws more effective to ensure safety and not biased enforcement. Commissioner Majdoub asked if tinted windows are illegal and fall under this policy. Commissioner Dang asked if there's a targeted area where pretext stops tend to occur and if police are trained to ask certain questions, to which Cox said there are neighborhoods that see increased enforcement for minor traffic violations and police officers are trained to have correct tones when they're asking a question. Vice Chair Listana thanked Mr. Cox for his time, and said she was proud to be on the Youth Commission when this initiative was being passed and see this policy be implemented.

No public comment.

7. Legislation Referred (discussion & possible action)

 - i. Presenter: Dylan Schenider, San Francisco Department of Homelessness and Supportive Housing

Dylan Schenider gave a presentation on this legislation to expand permanent supportive housing to young adults, and added that this item is being continued in a few weeks and won't be heard this Wednesday.

Vice Chair Listana said she was glad to see more young adult PSH units in District 6 and she asked what Project Homekey was, to which Schenider explained the program. Listana followed up to clarify why some projects were rejected, to which Schenider said there wasn't anything about the project that was bad but that San Francisco had already received a great deal of funding for other projects. Commissioner Alameri asked about the rent being \$1, to which

Schenider said that's the amount the City is charging the renter since it is seen as a public good. Officer Liang asked if the funding toward community ambassadors is coming from existing funding or newly allocated, to which Schenider said it was already allocated from the general budget. Officer Liao asked about MOHCD renewing leases with the property managers, to which Schenider said that the City works with nonprofit providers to build 100% affordable housing and helps support the public by providing affordable rents. Officer Valencia-Tow asked what specific outreach efforts will ensure resources to those most in need, to which Schenider said that they have CBO partners in geographically diverse locations filter into their resources. Chair Fong asked about the continuation of the legislation, to which Schenider said there's some small changes that are being worked out with the community.

SFUSD Budget Overview

Fast Facts about SFUSD's Budget

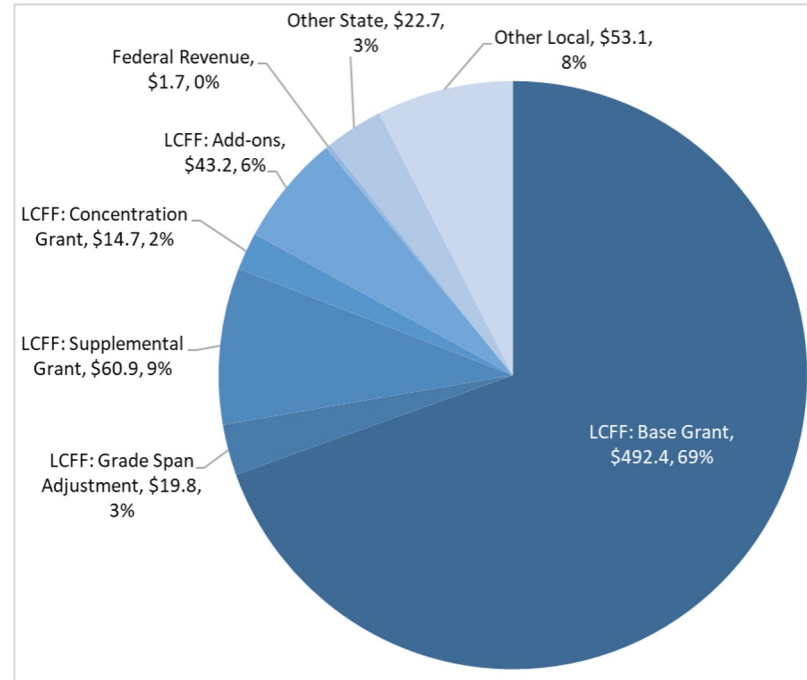

2024-25 Adopted Budget = \$1.2 billion

Funding includes state, federal, and local sources

- Revenue is a mixture of “unrestricted” (60%) and “restricted” (40%)
- Most state funding is based on Average Daily Attendance, but also includes various grants
- SFUSD receives more local funding than many districts. Local funding comes from City appropriations and parcel tax measures
- *Fluctuations can be based on enrollment, attendance, economy, priorities of the State, City (Mayor/Sups), and voters*

SFUSD is both a District and a County, so a small portion of revenue and budget supports County

SFUSD's **Unrestricted General Fund** (\$708.5M) is mostly comprised of State funds from the Local Control Funding Formula (LCFF).

SFUSD's General Fund

Student Success Fund

Rapid Response Funds (\$25,000 per year)

Flexible funds set aside for emergency needs and to fund discrete problem solving and emergent strategies in service of SFUSD's Goals and Guardrails, in particular the Whole Child guardrail.

Grants to Schools (\$350,000 - \$550,000)

The Student Success Fund was created to establish a fund whereby school(s) and the District could apply for grants to implement innovative programs designed to enhance student achievement or social/emotional wellness. The goal is to improve student outcomes through the funding of these programs.

District Innovation, Educator Pathways, Administrative Costs

School Staffing & Budget Plan

The School Staffing and Budget Plan is a detailed set of guidelines that SFUSD will use to determine how staff is allocated to schools each year. These allocations serve as a starting point for school leaders as they develop their school plans.

While most school allocations are determined through these guidelines, schools may receive additional site-specific grants from federal, state, or local sources based on eligibility and/or unique programming offered at the school.

Amendments to Current Law

This ordinance would create a category eight fund, administered by the Department of the Environment (“Department), to support an e-bike incentive program.
